Q-I 2014

## Save the date! June 13th Golf Outing

Remember those days of perhaps scraping nickels together from the frat house cushions to grab a burger and a beer with your buddies at college? Working while going to school builds character and all, but this outing gave a hand up to those students in the criminal justice and security fields in memory of a colleague Phil Benne. Phil's career path is one those students hope to follow and would serve as a realistic goal for the Western IL students pursuing public service work. On December 27th 2012 Phil passed away at age 55, but honoring his public service in the spirit of our ASIS commitment to education work hand in glove via the annual ASIS Chapter 158 golf scramble.

Phil Benne 1953-2012

Our goal- \$1000.00 Net Profit for scholarships

### What you miss, when you miss-

You missed a great kick-off meeting:  
Planning underway for a super educational 2014.
